

HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff get a small bottle of Danderine at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff.

Child Gets Sick Cross, Feverish If Constipated

Look at tongue! Then give fruit laxative for stomach, liver, bowels.

"California Syrup of Figs" can't harm children and they love it.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour. Look at the tongue and throat. If coated or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other child's ailment give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation, poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well playful child again. The "Inside Cleanser" is off, times all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed in every bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

AVOID INFLUENZA

Gargle Or Spray As A Preventive.

Doctors advise the frequent use of a good gargle or spray as the best means of avoiding influenza. TONSILINE, The National Sore Throat Remedy, makes an ideal and effective spray or gargle.

BAD COLDS ARE OFTEN DANGEROUS

Dr. Bell's Pine-Tar-Honey Helps to relieve a cold.

It lessens the danger of health-undermining after-effects. It brings relief to the stuffed up head, the chilem-clogged lungs, that irritating hacking cough, and soothes inflammation. Gippy weather is the signal for getting that bottle of Dr. Bell's Pine-Tar-Honey. The ready, quick-acting cold is quickly relieved by this standard remedy. Pleasant and comforting. It is beneficial for every young or old member of any family suffering from a cold. Druggists everywhere. 30c, 50c and \$1.25.

Dr. Bell's Pine Tar Honey for Coughs & Colds

Not a Bite of
Breakfast Until
You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and poison-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take internal baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness or have a sour, gassy stomach after meals are urged to get a quarter pound of limestone phosphate from the drug store, and use it as a daily internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

FOUR INJURED IN AUTO ACCIDENTS

Mrs. Rose Hayne, sixty years old, of the Monroe apartments, is in a serious condition today at the Emergency Hospital suffering from injuries sustained when she was knocked down by an automobile operated by William Jabus, living on Broad Branch road northwest, at Sixteenth and Columbia road northwest last night.

Struck by an automobile at Sherman avenue and Park road last night, Policeman Stephen McEee, twenty-three years old, of the Tenth precinct, was removed to Garfield Hospital suffering from slight injuries to the head and body. The automobile was operated by Fred D. Giesler, 304 Thirtieth street northwest.

Julie Carroll, eighteen years old, of 728 Sixth street southwest, and Margaret Jones, twenty years old, 623 H street northwest, were knocked down by an automobile operated by Jesse Ward, of Cherry Chase, Md., in Potomac Park yesterday. They were removed to the Emergency Hospital suffering from slight injuries to the head and body.

An automobile operated by Percy Finner, 221 Thirtieth street southwest, collided with an automobile operated by Morris J. Sheehan, 109 I street northwest, at Tenth and Louisiana avenue northwest yesterday. Both machines were slightly damaged.

Representatives of more than 100 automobile manufacturers here, yesterday discussed the after-war program as it relates to the return of the big industry from a war to peace basis. The keynote of the discussion involved suggestions that the elimination of war work should progress with a constant view as to the effect on labor.

It was brought out at the meeting that the normal production of passenger automobiles for 1918 would have been about 2,000,000, as 1,718,000 were produced in 1917. The output was curtailed voluntarily 30 per cent last March, and again in July was reduced 50 per cent of the production rate last year. Under this curtailed program it was estimated that the output in 1918 would be less than 1,000,000, creating an artificial shortage of approximately 1,000,000 cars for the year.

It was decided that as rapidly as possible the industry will get back to regular passenger car production. The men representing the industry state that with greater production will come lower prices and better cars.

PARIS, No. 18.—That Herbert Hoover will go to Berlin within two weeks to study the German food situation at first hand was the belief expressed here today.

The plea of the Germans that continuance of the blockade will cause great hardships owing to the food shortage, is expected to be thoroughly investigated by competent allied authorities under Hoover's direction.

Should the blockade be lifted, it is pointed out, the entire food distribution system of the world would be disrupted, as the Germans would be enabled to go into the open market and bid against the allied and neutral countries.

Aside from military considerations, continuance of the blockade is, therefore, deemed advisable as a guarantee that Germany will take her place in the food line with the rest of the world.

TO BRING BODIES OF HERO DEAD TO U. S.

The bodies of America's hero dead in the great war will rest in American soil.

The War Department proposes to bring back, where possible, the bodies of those who died in France. The Graves Registration Service has marked and listed locations of graves, and it is planned to bring the bodies back, unless relatives desire otherwise.

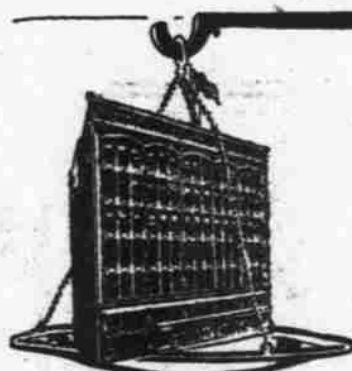

NEGRO KILLS MAN WITH HEAVY BAR

When an attempt was made to cut him from the engine room of the Emergency Hospital, late last night, James W. H. Banks, a negro, twenty-two years old, of Church Creek, Md., struck Daniel Graney, thirty-five years old, night engineer at the hospital, twice on the head with an iron bar. Graney died at 6 o'clock this morning from a fractured skull.

Banks, up to Saturday night when he was discharged for insubordination, worked as fireman in the engine room of the hospital. At 10:30 o'clock last night he went to the engine room, and attempted to use the telephone. Graney ordered him from the place. Words passed between them, and Banks came in, attempted to put him out of the building and threatened him with the iron.

WOULD PROHIBIT "COST-PLUS." The Senate Judiciary Committee has favorably reported a bill to prohibit the making of "cost-plus" Government contracts in the future.

Lansburgh & Bros. 1/4 Million Dollar Sale

Thrifty Wednesday in the 1/4 of a Million Sale

Every day really is Thrift Day because of the tremendous savings that are possible because of this BIG Quarter Million Dollar Sale. However, we have made an extra effort to have tomorrow go down as thrifty Wednesday, and have made reductions and offerings accordingly. Note especially the millinery sale and the coat and dress items. But read ALL items and buy liberally of those needed.

Editorial

Saturday night of this week will be a big night for the Girls' Patriotic League of this store.

It is the date set for the BIG dance that was to have been held many weeks ago, but which had to be postponed on account of the "flu." The girls have pledged

\$1,000.00

for the United War Work campaign, and every cent raised at the dance will be used to make up this amount. There will be a splendid program in addition to the dance and a WONDERFUL time is assured.

Those who attended the League dance of last spring will need no urging to be at this one.

Saturday night, 1 O. O. F. Hall, Seventh St. N. W. Admission 50c.
